

Employee Benefit Specialists, Inc. (EBS) COMMUTER BENEFIT ADMINISTRATION

We have developed unmatched expertise in administering Commuter Benefits as we began administering it as an employer-paid benefit in 1996. When the IRS passed regulations under IRC 132 in 1998, we began administering Commuter Benefits as an employee-paid pre-tax deduction benefit. One thing that has held steady throughout the years is the knowledge and trust we have in our administrators. We pride ourselves on our high company standards, one of which has always been to respond to all client inquiries within four business hours.

Eligible Transit Expenses

Commute to work

- Tickets, passes & fare cards
- Bus, train, subway, ferry, vanpool

Eligible Parking Expenses

- Expenses to park at or near work
- Expenses to park at a transit facility

We continue to separate ourselves from other TPAs by providing Commuter Benefit administration with services that include:

- Providing a dedicated Implementation Specialist and Administrator for your account;
- Offering voucher & transit pass distribution, debit card and cash reimbursements;
- Daily claim reimbursements via check or direct deposit;
- Ability to fax and / or mail all claim submissions;
- Online system and Mobile App;
- A bilingual call center fully-staffed with helpful representatives.
